Current Rating In Amps:

2.000

Voltage In Volts And Current Type:

26.0 dc

Face To Face Distance:

2.590 inches

Special Features:

Inside diameter of body employs a seven inch diameter butterfly

Style Designator:

Straight through flanged ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0
