Hole Diameter:

0.250 inches

Overall Length:

2.125 inches

Overall Height:

0.405 inches

Overall Width:

1.790 inches

Material Thickness:

0.025 inches

Outside Corner Radius:

0.250 inches

Center To Center Distance Between Bolt Holes Along Width:

1.312 inches

Center To Center Distance Between Bolt Holes Along Length:

1.312 inches

Bolt Hole Quantity:

4

End Application:

Aircraft model a-10a

Special Features:

0.050 in maximum h for formed rivet head

Material:

Rubber and steel

Style Designator:

Special shaped

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A540b0
