Special Features:

Operating pressure 3000.0 psi max; voltage 110 vac or 120 vac; current 4.2 amp to 0.72 amp; maximum flow rate 20.0 gpm; any mounting position; fluid hydraulic oil with viscosity range 80-1000 ssu, max temp 160 degrees f; double solenoid, three position, spring centered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506h0
