Pressure Rating:

Between 19.0 pounds per square inch and 23.0 pounds per square inch

Special Features:

Flange diameter 1.920 in. Max

Material:

Rubber fluorosilicone class fq and plastic aramid

Supplementary Features:

Center hole diameter 0.380 in. To 0.390 in.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A540b0
