Temperature Rating:

Between -65.0 degrees fahrenheit and 450.0 degrees fahrenheit

Pressure Rating:

20.0 pounds per square inch

Special Features:

Hole diameter 0.085 to 0.095 in., nha 319335-1

Material:

Rubber silicone class q

Supplementary Features:

Inner and outer rib diameter 0.050 to 0.060 in.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A540b0
