Aperture Diameter:

0.062 inches

Flow Control Device:

Poppet

Flow Control Device Normal Operation Position:

Closed

Connection Style:

G9 plain, optional en (pipe) all ends

Valve Operation Method:

Solenoid

Connection Type:

Threaded internal pipe all ends

Material:

Steel

Media For Which Designed:

Air single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A046b0
