Air
7 411
First End Connection Type:
Plain face flange
First End Style Designator:
Plain
First End Flange Shape Style:
Round
Second End Connection Type:
Raised face flange
Second End Style Designator:
Raised
Second End Flange Shape Style:
Round
Flow Control Device:
Piston, free type
End Connection Quantity:
2
Remote Actuation Method:
Solenoid
Filter:
Not included
Special Features:
Appl f16b acft
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A21100
