Body Material:

Iron or steel

Mounting Provision:

Unthreaded mounting holes

Overall Diameter:

1.605 inches

Mounting Provision Arrangement Style:

Three hole triangular

Pressure Rating:

Between 1000.0 pounds per square inch and 5000.0 pounds per square inch

Integral Valve Operation Method:

Electric

Mounting Facility Diameter:

2.850 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
