Tempurature Rating:

160.0 degrees fahrenheit

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/8, alloy 6061, t651 federal specification single material response

Media For Which Designed:

Fuel, jet or water, salt

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539y0
