Overall Length:

21.031 inches

Valve Size For Which Designed:

0.500 inches

Stem Actuating End Type:

Threaded externally

Disk Style:

Round, tapered point

Special Features:

Steelited head

Material:

Steel comp 316

Material Specification:

Astm a-276 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A500r0
