**Flow Control Device:**

Disk

**Flow Control Device Normal Operation Position:**

Closed

**Valve Operation Method:**

Solenoid

**Mounting Position:**

Vertical

**Thread Size:**

0.750 inches all ends

**Material:**

Rubber butadiene-acrylonitrile class nbr flow control device

**Media For Which Designed:**

Oil single response

**Style Designator:**

A1 straight thru

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A046b0
