Temperature Rating:

Between 100.0 degrees fahrenheit and 900.0 degrees fahrenheit

Pressure Rating:

Between 600.0 pounds per square inch and 2000.0 pounds per square inch

Special Features:

Heat treated 500 brinell

Material:

Stainless steel

Media For Which Designed:

Oil or steam

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539y0
