End Application:

1550-01-283-9327, drone, aircraft

Special Features:

O/a lg min 2.798 maximum 2.808, first end o/a diameter is .309, second end is .251, material is ams 5643, precipitation heat treat at 1050 f 4 hours before final machining hardness: rc 34-38;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A503z0
