Valve Operation Method:

Solenoid

Inlet/outlet Operating Pressure Differential:

175.00 pounds per square inch

Voltage In Volts And Current Type:

110.0 ac

Special Features:

Length 2.890 in.; width 1.500 in.

Material:

Stainless steel body

Style Designator:

Err-090

Supplementary Features:

Applicable on test stand mk- 3a-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0
