**End Application:**

Port main steam generator cutout valve control manifold

**Special Features:**

3000psi-160deg f-manifold mounted with quills-media, hydraulic oil-spool and sleeve assembly-solenoid (120vac-inrush amps-.25amps holding amps-.05)-4 ports-type single solenoid hydraulic control

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A506h0
