End Application:

Port main steam generator cutout valve control manifold

Special Features:

3000psi-160deg f-manifold mounted with quills-media, hydraulic oil-spool and sleeve assembly-solenoid (120vac-inrush amps-.25amps holding amps-.05)-4 ports-type single solenoid hydraulic control

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A506h0
