Flow Control Device Normal Operation Position:

Closed

End Application:

TRAC-TO-R,F-ULLT

Valve Operation Method:

Solenoid

Voltage In Volts And Current Type:

24.0 dc

Special Features:

3-way solenoid valve

Media For Which Designed:

Air single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A046b0
