End Application:

C-17 acft

Current Rating In Amps:

0.750

Valve Operation Method:

Solenoid or manual

Voltage In Volts And Current Type:

28.0 dc

Special Features:

Solenoid "a" to reduce flow 0.5 amp at 28 vdc; lg 14.25 in., w 11.45in..Mx normal inlet pressure 96 psig at 440 degrees f, max normal inlet temperature 440 degrees f at 48 psig. Ambient temp range minus 65 degrees f to 240 degrees f. Ambient pressure range 1.69 psia to 15.75psia

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0
