Thread Direction:

Right-hand all ends

Flow Control Device:

Disk

Flow Control Device Normal Operation Position:

Closed

Connection Style:

G9 plain, optional en (pipe) all ends

Valve Operation Method:

Solenoid

Connection Type:

Threaded internal pipe all ends

Mounting Position:

Horizontal

Thread Size:

0.250 inches all ends

Voltage In Volts And Current Type:

220.0 ac

Phase:

Single

Material:

Stainless steel body

Thread Series Designator:

Npt all ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0
