Body Material:

Aluminum alloy

Tempurature Rating:

250.0 degrees fahrenheit

Overall Width:

5.312 inches

End Application:

4920-01-218-4171

Extended Length:

11.875 inches

Pressure Rating:

200.0 pounds per square inch

Integral Valve Operation Method:

Pneumatic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
