Flange Diameter:

0.737 inches

Body Outside Diameter:

0.626 inches

Body Inside Diameter:

0.156 inches

Flange Seat To Disk End Height:

0.063 inches

Under Flange Height:

0.126 inches

Seat Angle In Deg:

45.000

Seating Surface Shape:

Angular

Special Features:

Two thd holes 0.112-40 unc-2b

Material:

Steel seat

Material Specification:

Astma276 assn standard single material response seat

Style Designator:

Plain flanged

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A15500
