End Application:

APPL-IC-ATI-ONF1

Valve Operation Method:

Hydraulic and solenoid

Special Features:

Consists of the following major components: manifold, drive/load control, p/n 87730127-001; valve, solenoid assemblies, p/n's 87500312-105, 87500312-106 & 87500312-109; valve seat 1.500 in., 5 psi (p/n 84001845-004); valve seat 1.500 in., 50 psi (p/n 84001769-005); pressure reducing valve, p/n 84001769-001; flow control servo-valve (10 gpm)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506h0
