End Application:

Nha p/n 33c5380; u/o an/gjm-65

Special Features:

Liquid pressure rating 3000 psi; gas pressure rating 3000 psi; burst pressure 5000 psi; cv factor, liquid .020, gas .022; coil voltage, min. 23.8 vdc, maximum 28.0 vdc; temp. Range -8 to 105 deg. C; power consumption 9.5 watts; material housing stainless steel; cv factor liquid 0.20; power consumption 9.5 watts; measurements 3.25 in height, width 1.875

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
