End Application:

C-17 acft

Special Features:

Drawing name actuator outline, electro-mechanical, direct current; gearratio: at manual modulation 13025: 1; operating ambient temperature range -65to +160 degrees feh; operating life: 4, 000full stroke cycles, 20, 000 cycles @ 1%full stroke, at rated load 120 in-lb; duty: continuous stall; spring rate is6000 in-lb/rad ; same as -2 unit except as shown on view d

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A30500
