Overall Length:

0.495 inches

End Application:

Nav-8a/b/cdcn

Largest Outside Diameter:

0.079 inches

Stem Actuating End Type:

Rounded

Special Features:

Material incoloel 718 bar, annealed, descaled; 2 places triangular facility

Material:

Nickel alloy

Material Specification:

Ams 5662, 718 bar assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A503z0
