**Body Material:**

Aluminum

**Tempurature Rating:**

200.0 degrees fahrenheit

**Overall Height:**

4.440 inches

**Overall Width:**

8.625 inches

**Pressure Rating:**

100.0 pounds per square inch

**Rotation In Deg:**

90.0

**Features Provided:**

Manual override

**Integral Valve Operation Method:**

Pneumatic

**Special Features:**

W/dual piston

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A34200
