Solenoid Valve - Page 1 of 1

Flow Control Device:
Poppet
End Application:
Distilling plant; p/n 3sf3000 onboard wmec 210 ft coast guard vessels
Current Rating In Amps:
4.000 and 0.600
Valve Operation Method:
Solenoid
Mounting Position:
Horizontal

115.0 dc

Special Features:

Voltage In Volts And Current Type:

Inner parts stainless steel; discs polytetrafluoroethylene; fluid distillate; enclosure nema 4 watertight; duty continuous; conduit conn 1/2 in.

Npt; 60 hertz

Material:

Bronze body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0
