Solenoid Valve - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4810-01-432-4727

Maximum Operating Temp:
120.0 degrees fahrenheit 2nd response
End Application:
A/s32m-17 maintenance crane; f/a-18 hornet aircraft
Valve Operation Method:
Solenoid
Criticality Code Justification:
Feat
Voltage In Volts And Current Type:
24.0 dc
Special Features:
Weapon system essential
Material:
Aluminum body
Media For Which Designed:
Air single response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:

A046b0
