Valve Type For Which Designed:
Directional control linear
Material:
Aluminum alloy
Material Specification:
Qq-a-225/8 federal specification single material response
Surface Treatment:
Anodize
Surface Treatment Specification:
Mil-a-8625, type 1, class 1 military specification single treatment response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A513b0
Mil-std (military Standard):
Mil-a-8625 spec.
