Flow Control Device:

Poppet

Flow Control Device Normal Operation Position:

Closed

End Application:

2320-01-442-1940, truck, cbt, (command bridge transporter)

Valve Operation Method:

Hydraulic

Power Drive Operating Pressure:

5000.0 pounds per square inch

Material:

Rubber butadiene-acrylonitrile class nbr packing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0
