End Application:

W/s code tarawa class lha

Design Characteristics:

Single acting single cylinder

Product Name:

Hydraulic motor quarter-turn actuator

Special Features:

Mnha hyd. Actuator cage 63600; matl housing bronze; 8" diam. Handwheel, solid disc safety type, push to engage, spring disengage, worm 17-4ph, taper roller bearing; output torque 3500psi; handwheel turns 90 deg. Rotation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
