Flow Control Device:

Diaphragm

Connection Type:

Flange all ends

Special Features:

Flanged ends per canadian csa-8109

Material:

Copper alloy

Material Specification:

Qq-n-281, class b federal specification 3rd material response stem

Media For Which Designed:

Water, fresh single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0

Mil-std (military Standard):

Mil-b-16541 spec.
