Body Material:

Aluminum

End Application:

Actuator, rotary

Pressure Rating:

3000.0 pounds per square inch

Integral Valve Operation Method:

Hydraulic

Piston Rod End Similarity:

Not identical

Special Features:

Design pressure rating 3, 300 psi

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A34200
