End Application:

Galley equipment & food svc

Valve Operation Method:

Solenoid

Voltage In Volts And Current Type:

120.0 ac

Special Features:

Manifold mount; 2 o-rings to seal valve to manifold are included; has 3/64" orifice; nha plastic processor cooling water isolation valve assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0
