Maximum Operating Temp:

120.0 degrees fahrenheit single response

Minimum Operating Temp:

-25.0 degrees fahrenheit

Product Name:

Vain winch load, directional control valve.

Special Features:

4-way, 3-positional, spring centered to neutral, 24 to 28.7 vdc, 30w, 5 gpm rating.

Media For Which Designed:

Oil, hydraulic single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0
