Overall Length:

3.187 inches

End Application:

E/i: mk48 model 6

Port Quantity:

2

Valve Design Control Activity:

53711

Material:

Aluminum alloy

Material Specification:

Qq-a-225/b federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A518e0
