Valve Operation Method:

Automatic or manual

Special Features:

8" keystone butterfly valve, p/n 144703080360036, with single source hydraulic manifold, 4820-01-507-0017 with mechanical position indicator, manually adjustable stops and manual override differential handwheel, nu-torq model 7800 quarter-turn hydraulic, submersible actuator, p/n 7800-020-000. Actuator has 2 hydraulic ports iaw sae no. 6 o-ring connections

Style Designator:

Err-090

Specification Data:

81349-mil-v-24624 government specification

Specification Or Standard:

3, st a type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0

Mil-std (military Standard):

Mil-v-24624 spec.
