**End Application:**

Ford explorer, mountaineer

**Valve Operation Method:**

Solenoid

**Mounting Position:**

Horizontal

**Voltage In Volts And Current Type:**

12.0 dc

**Product Name:**

Vapor management valve

**Special Features:**

Next higher assembly: fuel lines, emission controls

**Media For Which Designed:**

Air single response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A046b0
