Body Material:

Brass

Overall Height:

11.090 inches

Overall Width:

13.360 inches

End Application:

Lha5

Output Drive Torque Rating:

14000.0 inch-pounds

Pressure Rating:

900.0 pounds per square inch

Rotation In Deg:

90.0

Features Provided:

Manual override

Integral Valve Operation Method:

Hydraulic or mechanical

Special Features:

Motor ports - 1 in ips

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
