Valve Operation Method:

Electric motor or manual

Flange Shape:

Round with holes all ends

Connection Type:

Flange all ends

Valve Size:

9.000 inches

Flange Face Design:

Plain all ends

Product Name:

Msm actuator/navy gate valve, top, h/w

Special Features:

This is a 10.0 inch modified by the valve manufacturer. 440vac/3phase/60hz. Torque-1050in/lbs. Time to open-53 seconds. Valve pressure rating-class 250.

Material:

Bronze body

Style Designator:

Err-090

Specification Data:

81349 - mil-v-1189, type 1.Mil-v-1189, type 1 class 2 government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0
