**Body Material:**

Aluminum

**Media For Which Designed:**

Air

**End Connection Quantity:**

2

**End Application:**

Panel, interface ii

**Product Name:**

Series ppc5c proportional pressure controller

**Special Features:**

Command signal, 0-10v; analog monitor signal, none; feedback options, single xducer/int. Sense (pressure); pressure range psi/bar, 100/6.7; pressure reference, gage pressure; accuracy; +/- 1.5% f.S.; command signal, 0-10v; analog monitor signal, none; electrical connector, 5 pin mini no cable

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A21100
