Body Material:

Aluminum

Media For Which Designed:

Air

End Connection Quantity:

2

End Application:

Panel, interface ii

Product Name:

Series ppc5c proportional pressure controller

Special Features:

Command signal, 0-10v; analog monitor signal, none; feedback options, single xducer/int. Sense (pressure); pressure range psi/bar, 100/6.7; pressure reference, gage pressure; accuracy; +/- 1.5% f.S.; command signal, 0-10v; analog monitor signal, none; electrical connector, 5 pin mini no cable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
