Fluid Pressure Regulating Valve - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4810-01-527-9255

Body Material:
Aluminum
Media For Which Designed:
Air
End Connection Quantity:
2
End Application:
Panel, interface ii
Product Name:
Series ppc5c proportional pressure controller
Special Features:
Command signal, 0-10v; analog monitor signal, none; feeback options, single xducer/int. Sense (pressure); pressure range psi/bar,
100/6.7; pressure reference, gage pressure; accuracy; +/- 1.5% f.S.; command signal, 0-10v; analog monitor signal, none; electrical
connector, 5 pin mini no cable
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
No
Fiig:
A21100
