Body Material:

Zinc

Media For Which Designed:

Air

End Application:

Eurofighter hydraulic pump test rig

Temperature Rating:

Between 0.0 degrees fahrenheit and 175.0 degrees fahrenheit

Product Name:

Pilot operated regulator

Special Features:

2.6 pounds; acetal bottom plug; nitrile elastomers; 0.50 inch gage; 0.25 inch pilot; 0.75 inch exhaust; compressed air; ptf threads; 120 flow, scfm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
