End Application:

2420-01-532-3399; tractor, wheeled, industrial

Width:

60.0 millimeters all ends

Length:

121.5 millimeters all ends

Valve Operation Method:

Hydraulic

Power Drive Operating Pressure:

350.0 bar

Product Name:

Ride control block

Material:

Steel

Surface Treatment:

Zinc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A046b0
