End Application:

Used on st50e actuator

Component Quantity:

9

Supply Items And Quantities:

Consists of 1 each: piston bearing, piston seal, upper driver seal, lower driver seal, stop screw seal, tube seal, pointer bearing, connector plate spacer; driver seal retainer

Special Features:

Pneumatic valve standard maintenance service kit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
