Overall Length:

3.760 inches

Overall Height:

2.810 inches

Overall Width:

2.060 inches

Valve Discharge Flow Rate:

2.5 gallons per minute

End Application:

An/wld- (v) remote mine hunting system

Valve Operation Method:

Solenoid

Maximum Operating Pressure:

3000.0 pounds per square inch

Body Material:

Aluminum

Product Name:

Servovalve

Port Quantity:

4

Port Diameter:

0.191 inches

Err Default:

Err default

Supply Pressure:

1000.0 pounds per square inch

Special Features:

4-way axis cut linear spool type servovalve; connector c (a) rh side

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A508u0
