**Overall Length:**

3.760 inches

**Overall Height:**

2.810 inches

**Overall Width:**

2.060 inches

**Valve Discharge Flow Rate:**

2.5 gallons per minute

**End Application:**

An/wld- (v) remote mine hunting system

**Valve Operation Method:**

Solenoid

**Maximum Operating Pressure:**

3000.0 pounds per square inch

**Body Material:**

Aluminum

**Product Name:**

Servovalve

**Port Quantity:**

4

**Port Diameter:**

0.191 inches

**Err Default:**

Err default

**Supply Pressure:**

1000.0 pounds per square inch

**Special Features:**

4-way axis cut linear spool type servovalve; connector c (a) rh side

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A508u0
