End Application:

Semi automatic lubrication system

Product Name:

Air solenoid, modified

Special Features:

Included air solenoid valve 312444-1; 2 electric connectors

Media For Which Designed:

Air 1st response

Furnished Items And Quantity:

2 electrical connector and 1 gasket and 1 float control assembly and 1 coupling and 4 bolt and 4 washer and 4 nut

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0
