Valve Operation Method:

Electric motor

Voltage In Volts And Current Type:

24.0 dc

Special Features:

Description is attribute valve; product type is valve, pneumatic directional control; trade/brand name is interface 2000; cad is n; has 6mm diameter push in fitting; has led indicator and surge suppressor; has electric 3/2 actuator

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A504k0
